To: Users of Glen Research G-clamps

Under the terms of Glen Research’s Licensing Agreement with Isis Pharmaceuticals, Inc., we are required to have signed copies of BOTH PAGES of the attached faxes on file prior to shipment of your first order.

Please return BOTH of the signed and dated attachments to the above fax number.

Thank you for your assistance.

Sincerely,
Our agreement with Isis Pharmaceuticals, Inc. allows us to sell to you G-clamps that are ultimately used for RESEARCH PURPOSES ONLY. In accordance with this agreement, we must inform you of the uses to which these products may be put, which are described below.

This product is covered by patents or patents pending owned by Isis Pharmaceuticals, Inc. ("Isis"). Purchase of this product includes a limited license to use this product solely as an intermediary in the manufacture of oligomers containing 6 or more nucleosides ("Oligonucleotides") for internal research. This license specifically excludes (and you have no right to use this product or Oligonucleotides for): (a) therapeutic or diagnostic applications (including products or services that incorporate this product or Oligonucleotides), (b) any in vivo toxicity/safety study in support of an investigational new drug application (or foreign counterpart), (c) resale (including sale of any products or services that incorporate this product or Oligonucleotides) or (d) gene functionalization activities (including products or services that incorporate data derived from gene functionalization activities) if such activities have commercial application, any and all of which require a separate license from Isis. Neither this product nor any product created through its use may be used in human clinical trials.

In the event you have a separate agreement with Isis regarding this product which explicitly states that the foregoing is not applicable to you, your use of this product will be governed by the terms of such agreement. In no event does the limited license included with the purchase of this product expand or alter the scope of the license granted pursuant to such agreement.

Please sign below and return this page to acknowledge that you have received this notice. Thank you in advance for your cooperation. We require this signed copy prior to the first shipment of product.

I acknowledge that I have received this notification.

Our agreement with Isis Pharmaceuticals, Inc. allows us to sell to you G-clamps that are ultimately used for RESEARCH PURPOSES ONLY. In accordance with this agreement, we must inform you of the uses to which these products may be put, which are described below.

This product is covered by patents or patents pending owned by Isis Pharmaceuticals, Inc. ("Isis"). Purchase of this product includes a limited license to use this product solely (i) as an intermediary in the manufacture of custom oligomers containing 6 or more nucleosides ("Oligonucleotides") and (ii) to sell Oligonucleotides; provided, however, that the purchaser/end-user will have no right to use this product or Oligonucleotides for: (a) therapeutic or diagnostic applications (including products or services that incorporate this product or Oligonucleotides), (b) any in vivo toxicity/safety study in support of an investigational new drug application (or foreign counterpart), (c) resale (including sale of any products or services that incorporate this product or Oligonucleotides) or (d) gene functionalization activities (including products or services that incorporate data derived from gene functionalization activities) if such activities have commercial application, any and all of which require a separate license from Isis. Neither this product nor any product created through its use may be used in human clinical trials.

AS A CONDITION OF YOUR PURCHASE, THE FOLLOWING INSERT MUST BE SUPPLIED TO THE END-USER OF ANY CUSTOM OLIGONUCLEOTIDE PRODUCT YOU MANUFACTURE. FAILURE TO SUPPLY THE INSERT MAY RESULT IN CANCELLATION OF ORDERS.

This product is covered by patents or patents pending owned by Isis Pharmaceuticals, Inc. ("Isis"). Purchase of this product includes a limited license to use this product solely for internal research. This license specifically excludes (and you have no right to use this product for): (a) therapeutic or diagnostic applications (including products or services that incorporate this product), (b) any in vivo toxicity/safety study in support of an investigational new drug application (or foreign counterpart), (c) resale (including sale of any products or services that incorporate this product) or (d) gene functionalization activities (including products or services that incorporate data derived from gene functionalization activities) if such activities have commercial application, any and all of which require a separate license from Isis. Neither this product nor any product created through its use may be used in human clinical trials.

In the event you have a separate agreement with Isis regarding this product which explicitly states that the foregoing is not applicable to you, your use of this product will be governed by the terms of such agreement. In no event does the limited license included with the purchase of this product expand or alter the scope of the license granted pursuant to such agreement.
